OPPORTUNITIES FOR PARENTS

The success of our sports programs depends largely on the efforts of our volunteers. You can help by being an assistant coach or team helper. A team helper would assist the coaches by making phone calls, coordinating snack, keeping score, etc. Before each season parents will be asked to consider helping in this way.

The elementary sports program cannot exist without volunteer head coaches. The sports fee is waived for students when a parent coaches their team. Please check below any sports that you would consider coaching at the elementary level.
