

## **Secondary Summer Math**

1. Complete the packet, **showing ALL work** for each problem.
  - a. Not showing work or giving an explanation will result in a “wrong” answer.
2. After completing the packet, check your work, and make corrections on a separate sheet of paper.
  - a. Answer keys are provided for those **entering** General Math through Algebra II.
3. Bring the **COMPLETED and CORRECTED** packet to the first day of class.

### **Completed General Math or Advanced General Math (going into Pre-Algebra)**
